Safe, Sane 4th Urged by Chief Fred Pimental

In view of the approaching 4th of July holiday, Fire Chief Fred Pimental of Albany, today issued an appeal to all parents to aid in observing the restriction on the shooting of fire works in the city.

The Chief stresses that a local ordinance prohibits the sale and shooting or use of any type of fireworks within the city limits (with the exception of toy cap pistols) and carries a penalty of a fine or imprisonment in the City or County jail for violation.

Pimental pointed out that "in the past the Independence Day holiday has robbed many children throughout the state of their rightful future independence by loss of eyesight and limbs.

"In view of this past tragic experience we believe that serious accidents, needless fire and destruction of property can all be averted or lessened by close parental supervision and earnestly request the whole hearted cooperation of all parents and adults to assist in the curtailment of this dangerous practice."

"Lets all combine to make the motto 'A Safe and Sane Fourth' an actual living pledge", the Chief concluded.

Rev. Henderson Re-appointed to Albany Church

It was announced this week that Rev. Douglas H. Henderson has been re-appointed to serve as pastor of the Albany Community Methodist Church by Bishop Donald H. Tippett at the close of last week's sessions of the California-Nevada Methodist Annual Conference held at the College of The Pacific in Stockton. The reading of the appointments of the 354 ministers in the conference comes as the climax to a week long session in which local Methodists received reports of the past year's work in various fields, and adopted a Benevolence Budget for the coming year of over one million dollars, including Home and Foreign Missions, and Church Extension in the rapidly growing areas of California.

This was Rev. Henderson's seventh year of appointment to the Albany Church, the first having been made at the 1951 session of the Annual Conference. Longest previous pastorate in the church has been for four years.

As a special duty Rev. and Mrs. Henderson have been assigned to lead a "Mission to Mexico" during the month of August which will be composed of college age youth of the Methodist Church seeking to strengthen the bonds of understanding between Methodist Youth of California with Methodist Youth of Mexico.

As the order of worship for the first Sunday following his re-appointment, June 23, Holy Communion will be observed at the 9:45 and 11 a.m. service and Rev. Henderson will preach on the theme "Healing Through Faith."

Ministers at all the Methodist Churches in Berkeley, El Cerrito and El Sobrante were re-appointed to their former posts by the Bishop at the conference.

The building will be constructed by C. Overaa and Co., General Contractors. The architects are Donald Hardison and Richard Komatsu. He is one of the charter members of this church and has served on the Building Committee and the Board of Trustees. The new building is expected to be completed early in December.

Albany Little League Fete Tomorrow

The Little League baseball season in Albany will get under way tomorrow, June 22, with all of the pomp and ceremony which usually accompanies the opening game of the major league season.

Mayor Howell and the City Council have passed a resolution proclaiming Saturday, June 22 as "LITTLE LEAGUE DAY." The city officials will participate in the opening ceremonies and the parade preceding the first game. The parade is scheduled to start from Key Route Blvd. and Solano Ave. at 9 a.m.

The American Legion Color Guard will lead the parade and Walter Mails, publicity director of the S. F. Seals and former big league pitcher will act as grand marshal. The University of California baseball team, 1957 NCAA champions, has been invited to participate as well as several former major league players.

Sixty boys of the four major teams who have qualified for the coveted positions, will don new uniforms and participate in the parade and ceremonies marking the opening of the Little League Season. The opening game, between the Cards and Braves is scheduled for 10 a.m., and the 2 p.m. game will see the Dodgers play the Giants.

Some 200 boys in this community are competing for vacancies on these teams or a place on a "Minor" team within the league. These boys come from families representative of a cross section of the community's population and represent all races, religions, and levels of society. All have two things in common; they are 12 years old or younger and they have demonstrated an ability to play baseball.

The league activities are directed by a group of men who donate their time and will endeavor to make the Little League an active summer recreation program. The league is in charge of a board of directors and each team has a manager and coach. The prime movers in this endeavor were Bob Litolff, Bill McKenzie, Wilbur Gram and Larry Cassell.

C. OF C. STUDIES REPLIES TO QUESTIONS

Members of the Albany Chamber of Commerce held a well-attended luncheon meeting last week at which they heard a report by Albert Taeburn, economic consultant of Albert Raeburn and Associates based on the recent consumer opinion survey just completed by the local chamber. Raeburn recommended an aggressive merchandising program by Albany merchants to recapture their fair share of the retail sales volume.

"Joint effort by all merchants carrying advertising under one masthead will glamorize merchandising and draw attention to the diversity of shops which the consumer is seeking to meet all his shopping needs," Mr. Raeburn advised.

"The survey shows that a great majority of customers make their shopping trips by automobile. More emphasis on the variety of retail services within the area would reverse the trend to more pedestrian shopping, which means additional sales on each trip."

Mr. Raeburn pointed out that Albany merchants are receiving in retail trade approximately half the spendable income within their primary trade area.

Responses to survey questions reveal that 78% say prices in Albany compare favorably with competing areas. Seventy per cent of consumers in the area purchase at least half or nearly all of their needs in Albany. Ninety-five per cent praise Albany stores for prompt and courteous service, and 85 per cent are agreeable to the present schedule of store hours.

More than half the consumers in Albany are guided in their shopping by the Albany Times, the report of Mr. Raeburn concludes after analyzing the responses.

Some 8,000 questionnaires were sent out, with approximately 5,800 going to Albany residents. The return, up to the date of the compilation, was about 20% which economic consultants consider extremely high — more than double the usual number, in fact.

Mr. Raeburn further suggested a long range program to standardize the physical appearance of stores in an attractive pattern to give the city the characteristics of a shopping center. "In addition to joint sales promotion, create a unity in color on store fronts and a uniform pattern of neon lights," he said. "Build up an easily identified pattern that will give ordinary shopping facilities the distinction of a complete shopping center. When people drive through the city they should be able to recognize easily that 'this is Albany'. Under these conditions the effectiveness of merchandising promotions would be greatly increased".

Interesting comments on the questionnaire report and the expert's analysis were made by Alameda County Supervisor Kent D. Pursel, by Albany Mayor Lewis M. Howell, and by City Councilman William T. Donahue.

Rotary Demotes Bill McAuley at Funfest Tuesday

Traditional "Demotion" of the current president of the Albany Rotary will be the main event on the program at the club's weekly luncheon at Spenger's next Tuesday noon.

William "Bill" McAuley, manager of the Bank of America Branch in Albany, and president of the club for the past year, will be "gently" ousted from his high post with appropriate ceremonies. His term of office expires with the month of June.

Last Tuesday Albany Rotarians, visitors and guests listened to an interesting and most informative talk by Alameda County Supervisor Kent D. Pursel. Pursel's subject was "Alameda County Welfare Problems," a rather broad title, but the speaker brought out the background and the difficulties of carrying out the various programs involved from the taxpayers' standpoint clearly and in detail. Realtor Jerome Blank was chairman of the day.

Albany Playground Fetes to be Held Today, Tomorrow

Cowboys and stagecoaches; Indians on the warpath; bandits and a sheriff's posse; and a throng of kids in full regalia start off summer activities with a snappy parade as Albany playfellows hold their playground parades at Memorial, University and Terrace Parks, Friday, June 21.

The parades start at 11 a.m. and awards will be given for the best costumed youngster and the best decorated wagons, scooters, buggies, tricycles, bicycles, and anything else that rolls.

The parades are only the beginning of many summer activities at these parks. The summer playground program at Memorial Park, open from 9 a.m. to 8 p.m., is proving popular with elementary school and junior high school residents.

Spread out across the three months will be contests and events such as crafts and hobby shows, games, an athletic badge contest, carnivals, tournaments, and a day camp for the younger set.

NORTHERN BOUNDARY OF CITY DISPUTED

Two citizens of Albany appeared before the council Monday night to voice a complaint that their property rights were being threatened. They introduced themselves as Dean C. Graham of 401 Evelyn Avenue, and M. J. Billings of 402 Evelyn and reported that contractors engaged in clearing the property to be used as a parking area for the new shopping center just north of the Albany limits, were proposing to cross Cerrito Creek and remove prized trees they believed to be on their property.

The area immediately involved lies to the east and west of the dead-end of Evelyn which extends to a wooden barrier erected on the south bank of the creek. Just west of Evelyn Avenue the creek makes a right angle turn north for 20 or 25 feet, then turns west again. One of the prized trees is located near the point of this north-facing promontory.

According to a map in the city offices the county line, coinciding with the north limits of Albany, meanders back and forth across Cerrito Creek. This map is said to have been in dispute, and residents of the area for many years have understood the actual county and inter-city line followed the center of the creek. They say this is in keeping with the stated boundaries of the old Rancho San Pablo to the north, and the Don Peralta domain to the south.

After hearing the complaints over the threatened "invasion" the council voted to refer the matter to City Manager Wayne McAuley with the request that he investigate and make a report to the council next week.

In other matters coming before the council:

Voted to accept the city engineer's memorandum for expenditure of gas tax allocation for major city streets, and instructed the city attorney to draw up a resolution of acceptance.

Held over for one week the appeal to the city council from a decision of the Planning and Zoning Commission on the property of L. A. LaBelle concerning an apartment addition at the corner of Kains and Portland Avenues.

Referred to the city engineer for his recommendation five bids for re-culverting various street cross-drains. The bids ranged from $12,796.75 by Lee J. Immell to $17,406.25 by McGuire & Hester. Also referred to the city engineer bids for gasoline for the various city departments covering regular and premium fuels. Bids were received from 8 firms.

Considered a report from Robert G. Olson, Administrative Assistant on fees to be charged for emergency service at Herrick Memorial Hospital. Instructed the city attorney to draw up a resolution covering the signing of a new contract with the hospital authorities, calling for a maximum $3 fee, and along the same lines as those now in effect between the hospital and the cities of El Cerrito and Berkeley.

Confirmed the appointment made by Mayor Howell at the preceding meeting of Councilman Jerome Blank as chairman of the Finance Committee, and of Councilman William T. Donahue as a member of that committee.

Consideration of Ordinance No. 57-023, rezoning property at 1067 Stannage Avenue for the construction of an apartment house and which was up for first reading, was held over until next week.

Mayor Lewis M. Howell was absent on a trip to Los Angeles. Mrs. Zahn was slightly indisposed and unable to attend Monday's meeting.

School Advisory Committee Meets

The final meeting of the 1956-57 year of the Albany School Advisory Committee was held Monday evening, June 10. A summary was presented by Mrs. D. A. Brunetti on the study her subcommittee has been making on the gifted child.

Following the meeting coffee was served and a small gift presented to Dr. Paul Bryan, retiring superintendent of Albany Schools, as a token of appreciation for the work he has done.

TIMES CLASSIFIED PAYS DIVIDENDS

Pictured above are eight of the nine graduates who received their high school diplomas from the Albany Adult Education Center at the end of the spring quarter. They are, l. to r., Margaret Chatfield, Don Butts, Winifred Benjamin, Rose Verdin and Lucille Comotto, who is receiving her diploma from Charles Pinkham, President of the Albany Board of Education. Dr. Paul C. Bryan, who established the Albany Adult Center in 1941, looks on as the graduates, some of them grandparents, receive their diplomas. Behind Dr. Bryan are Jean Kuehnell, Mary Probasco, and Jean Beckham.

SPEAKING of CARDS

KLONDIKE GOLD

Of the hundreds of variations of Solitaire played today, the most-played and most popular by far goes by the colorful name of Klondike. Like the precious gold metal found in the Canadian region whose name it bears, Klondike is one of the most difficult solitaires to "pan out." Often incorrectly called Canfield, Klondike is also known by such names as Fascination, Triangle, Demon Patience and Chinaman.

Rare is the card player who has not at one time or another tried to make a Klondike game come out. But for those who have never known such a keen battle of wits, here's how the nation's most popular Solitaire is played.

Deal out a row of seven cards, horizontally, the first face up and the rest face down. Then deal a row of six cards upon the first, beginning with one card face up on the second pile and the rest face down on the piles to the right. Continue with successive rows of five, four, three, two and one (see illustration) beginning each time with one card face up on the pile to the right of that on which the previous row was begun. The completed tableau comprises twenty-eight cards in seven piles increasing in number from one to seven cards with the top card of each pile face up and the rest face down.

The four aces, as they become available, are moved into a row above the tableau. Object of play is to build each entire suit upon its ace.

On the face up cards in the tableau, build down in alternating colors. The top card of a pile is always available for play on a foundation. All the face up cards on a pile are moved as a unit when the bottommost of these cards may be built on the top of another pile.

Whenever the face up cards of a pile are cleared off, turn up the next card; it becomes available. A space made by clearing away an entire pile may be filled only by a king (plus the cards, if any, built on the king).

Turn up cards from the stock one at a time, building them on foundations or tableau. Put unplayable cards in a single wastepile. The top of the wastepile is always available. There is no redeal. Go through the stock only once.

An ace must be moved into the foundation row as soon as available. But with all other cards you have a choice of building on foundations or leaving the cards in the tableau to help the manipulation.

Regardless Of Who Is Called
The family of an honorably discharged veteran of any war is entitled to receive a burial allowance from the government regardless of which funeral director is called to serve. This is an important thing to remember, because the choice of a funeral director is always left to the discretion of the family.

I'll bet you find dust gathers fast around the house these summer days. And it would at the phone office, too, if we didn't get after it right away. Did you know dust's a enemy of your phone service? You'd never guess how much real trouble it could cause if it got in our switching equipment. One way we keep your calls going through is to vacuum the equipment (above). Just like you clean your living room rug! We've got a special kind of dust cloth, too. It's treated chemically . . . so it'll catch dust better. Can't be too careful about these things.

* * * * *

You can't help noticing "straddle trucks" like this when you see them on the road. They're pretty unusual looking. And take it from me, they're plenty useful too. When we put in new cables to carry your calls, a truck like this really speeds things up. First it picks up a cable reel in a jiffy. Then carries it fast to the place it's needed. And notice how you can park it *right above* the manhole where the cable goes.

Terrific Duplex Buy!
Wow! What a fine duplex, right in heart of Albany. One block to San Pablo bus line, shopping, conveniences, 2 blocks to new shopping center. Two large 4½ room, 2-bedroom units. A real lovely building on terrific corner lot, landscaped beautifully, plus 2 garages and concrete basement workshop. Makes fine building for owner occupancy. Call on this today.

Fine for Young Family
Here's a good substantial rustic home with 7 rooms, 3 bedrooms and a den that can even be used as a 4th bedroom. Priced way below comparable Albany homes, it can be financed to suit your bank account. Its near Albany's secluded Terrace Park, and only a block to Marin School. Vacant, you move right in. Evenings, Mr. Ellsworth.

MacGregor Home And Cottage
An unusual property in upper Albany. This fine large 6 plus room MacGregor stucco has large living room, dining room, kitchen and breakfast room, plus 3 bedrooms and 2 basement rooms. This in itself makes a fine property, but in addition there's a 2 story building in rear with 3 room apartment upstairs, rented at good rent, and 2 car garage, plus 2 storage rooms down. All on 50x100 lot, and in tip-top condition. This is one of best buys in Albany — may we suggest you see it. Evenings, Mr. Ellsworth.

Brand New — Albany Home
This is just being completed, a lovely 6 room, 3 bedroom stucco home in upper Albany. Its about the last empty lot that could be built on and the last chance for you to own a lovely new home in this area. Will be completed soon. Shown by appointment only.

Upper El Cerrito
A lovely 3 bedroom home off Terrace Drive featuring a full concrete basement — outstanding for a home hobbyist, workshop, or storage. Offers an unusual view of the bay with setting of oak trees and Huber Park just below. If you like seclusion — see this. Owner may exchange for small Albany home.

Modern Home — $1,000 Down
There are absolutely no catches to this — its true and this is a wonderful opportunity for you to have a 3 bedroom home, 5 minutes from Albany in beautiful neighborhood for this very low down payment. Why not call — this might be the most important step you make in your entire life (outside of getting married). Evenings, Mr. Williams.

Ralph Says!
Our income specialist, Mr. Bohrer, says that he has a wonderful 32 unit apartment house north of UC campus that is a money-maker from the word go. Owner can exchange for large units or possibly take smaller units in trade also. This building is only 2 years old and is right across from the campus in unbeatable location.

Stucco Ranch Style
Right in Westbrae, we have a 6 room 2½ bedroom home with nice brick front, 50x100 lot, 2 car garage, basement room, large living room fireplace, and just about everything you'd want in a good solid-built modern home for only $12,950 and $2500 down. This is an amazingly good home for the price.

Albany Hill Lots
Imagine 75x100 view lot for only $3300. In just a few years, you'll pay double that for this size lot in the "Piedmont district" of Albany. A top investment whether for your future home or to hold for increase in value.

Dennis Convinced Us!
He said that we should take this trade-in home because its a good buy and you'll go far to find more house and lot for the money. So, we own it, and you can own it too. Its a good 5 room home, nicely decorated, very comfortable and liveable. The lot is 50x100, and an extra home can be built on the lot as 25x100 is clear. Yes, we can handle with low down payment. Call Dennis Williams.

Have $500?
Won't have it long because we have a little 5 room home in the Annex for $7700 that will make you a fine home and we might take your $500 as down payment, and finance balance at $69.50 per month, lots cheaper than rent. Call Mr. Williams.

Not So Far!
About 10 minutes on new freeway and you'll be in lovely Sherwood Forest, where you can own a terrific 4 bedroom 2 bathroom home with all-electric kitchen and every modern convenience on 60x100 lot for only $4200 down, assume GI payments. Owner will trade for smaller Albany home. Evenings, Mrs. Boykin.
